Tired of working for a large, corporate firm? Imagine working in an environment where you feel at home and comfortable! Storer is a 4th generation family business! We take pride in our 66-year history of providing high quality, dependable, and safe transportation services to the communities we serve. If you're looking for long-term, stable employment and want to feel assured that you are receiving the best of everything in this industry... then come to Storer!

Storer strives to offer an environment that provides professional challenges, encourages innovation and promotes safety.

The Safety Manager:

- Responsible for overseeing safety on a division-wide basis that includes loss-prevention, on the job injury supervision, and accident investigation.
- Keep precise records (accident/incident) in order to recall details of events.
- Analyzes situations that may impact service and initiate detours in the event of service disruption.
- Ensure operators are performing assigned duties correctly and safely and that all job specifications are met.
- Assists in supervising driver personnel, which include:
 - performance evaluation
 - training
 - work allocation
 - problem resolution
- Prepares reports to management regarding driver knowledge and skills.
- Investigates and resolves customer complaint and assures operating policies are followed.

Education/Experience/Requirements:

- Must have 3 or more years' safety management experience and/or law enforcement background.

How to Apply:

- Visit our website, www.storerbus.com and fill out an application online.
- E-mail your application and resume to gogreen@storercoachways.com
